Cover Falcon: Alan Sheppard

This 1963 Futura Convertible has been in Alan Sheppard & Carolyn Sayre-Sheppard's possession since June 1996.

The "other" Ford in the picture is a 1926 Ford Model T Coupe, which Alan's father, Wilbur P. Sheppard bought used in 1939 for \$5. It was his first car.

When Alan was a senior in high school, a restoration of the Model T was begun as an exercise in patience and perseverance. It took seven years, but the results were worth it. His dad immediately started work on a 1915 Model T and had plans to rebuild a 1928 Model A. Wilbur's dream was to restore an antique car for Alan, his brother and their brother-in-law.

The Model T has been driven within its philosophy of "relentless advance" according to Alan. He has driven it back and forth across Montana and North Dakota with little trouble and had lots of fun.

Alan's dream is to own a Ford from every decade and with these two beauties, he's got a good start!

- ▶ Increase in liability insurance from \$500,000 to \$1,000,000
- ▶ Addition of 4 new positions: Internet Director, Photo Editor, Regional Director & Advertising Director

Give yourselves a pat on the back – without your support none of this would have been possible.

Our goals for 1998 are to continue to improve and grow. By the time you receive this message your club will have a new permanent Editor and yes, they have experience, they did the layout and prepress work in the last 3 newsletters. And the newsletter will be arriving in your mailbox earlier in the month. Sometime in January the chapter presidents will receive a form letter that is to be used to improve the

communication between your chapter and the national. Expanded use of the Internet is planned for this year. I hope everyone has the National Meet in Colorado in their plans for 1998 along with participation and support of their local chapters. And if your area does not have a chapter maybe this would be a great year to get one started.

There is still time, the deadline has been extended until 1/15/98, if you would like a copy of the 1998 FCA National Membership list please complete the enclosed form and sent it with a check for \$3.00 to Bonnie and Mary at the Club Store.

Any of you old timers who have a copy of 1987 Falcon Calendar produced by Rick Dilks good news, it is correct for 1998.

Happy New Year

Steve and Carol

Note: Chapter Officers submit your chapter rosters to Joe Tatti, our new secretary before the end of January.

Your Letters and Comments

Folks,
Received the December issue, believe it is the best we've seen since the new format was established. Have shown it to several other folks.

I received an FCA jacket for Christmas, and my wife mentioned how friendly and helpful Bonnie was.

GTaylor395@aol.com

OOPS!

In the December 1997 Falcon News, the number of times Danny McMahan's Feature Falcon had been rained on was reported incorrectly. The car has been rained on only nine times in the past 25 years. We regret the error.

Also see corrected registration form for Nationals in Insert. XL T-shirts are \$14.00

Hello Fellow Falconers:

I just received my monthly magazine. The new format looks great! This is a first class job done by the great volunteers.

I am still driving my 1968 every day. At 298,400 miles, I sometimes wonder how far you can go...HA HA!

Dear Club Members:

How many other club members have had a difficult time putting a respectable set of front fender spears on their '63? Everywhere I turn either costs me an arm and a leg or produces a not-so-nice set of spears.

Please write and let me how how you resolved the problem. Please also reply if you have not solved the problem or would like to improve the quality of what you have. Please enclose a SASE if you would like a reply to the survey.

Tom & Charlotte Frederick #342
Swedesboro, NY

Tom writes: "1964 and '65 2 door wagons are scarce as hen's teeth" He has had this one for 17 years and rebuilt it from top to bottom. Odometer reading: 129,000 miles. They also own a 1992 2-door Ford black wagon (Explorer) with 29,000 miles. Tom is a longtime FCA member. "When I sent in my application, there were 66 members, when I got it back it was up to 342!"

Richard Hott #04515
Silver Spring, MD

This 1961 Ranchero in excellent condition has always been in the Hott family. It was Richard's dad's until 1974 when he "saved it from being trashed." Less than 50,000 original miles. Sound like an advertisement? It is! Asking \$6500. 301-384-4008

Falcon

Norm & Arlene's Dream Machine

Norm & Arlene Huie of San Clemente, California have been FCA members for 12 years, citing the Falcon News as a constant companion during several restorations. Their first Falcon, this 1963 Ranchero was a daily driver to work for eight years prior to a complete ground-up restoration in 1993. Norm teaches at an elementary school five minutes from his home, so he has been able to afford the "luxury" of an older car through the years.

This deluxe model wore an original camper shell, was powered by the factory 260 V-8 with a four speed transmission.

For the restoration, the car was taken down to bare metal and extensive sculpturing was completed to assure that every square inch of the body and bed was straight as an arrow.

The two-tone color scheme was a Ranchero option in 1963. Finished in Rangoon Red and Corinthian White, this Falcon is truly a sporty looking ride. The black vinyl interior is finished in NOS material and meticulously detailed. The engine compartment is near factory stock, with careful attention to exact color and texture replication.

The Ranchero has been well received, earning several popular vote trophies in local shows as well as First Place and Best Paint in a concourse judged event. It was voted Best of Show at Knott's Berry Farm All Ford Show in May of 1997.

Once this beauty was dressed up for show, it occurred to Norm that they would need another Falcon to take over the daily driving responsibilities. A local 1961 Deluxe 4-door wagon was found and provided adequate transportation for two years.

Then Norm spotted a '65 Squire Wagon "Woody" in the Falcon News and it was transported from Florida to California. The car was straight and original but desperately needed attention. He has completed extensive research for restoration of the woodgrain and will be happy to share details with interested folks.

Norm writes that "all in all, our Falcon pastimes have been quite enjoyable. These cars have led to countless conversations, acquaintances and contacts that would never have taken place otherwise. Neighbors, friends, and parents from school are always stopping by to relate some bit of Falcon history. Some of my former students are even looking for their first Falcons. We're grateful for the National Falcon Club for its encouragement and assistance "across the miles" throughout all these years."

Thanks to Norm and Arlene (#8002) for the photos and description of this very special car.

It sounds like they have another feature car in the making with the 65 Squire Wagon. Watch this space for details!
